DISCOVER OUR PAYROLL SOLUTIONS

Did you know that with Stephenson Operations you can also take advantage of our Payroll solutions? By utilising our specialized payroll solutions, we can keep workers fully compliant with tax regulation, protect the worker's status and help to **maximise your take home pay**.

STEPHENSON OPERATIONS provides the full spectrum of support for the most complex offshore operations and installations, with qualified motivated personnel to ensure a successful safe job.

We are fully organized to select and recruit highly skilled offshore technicians and operators for all type of pipe, cable lay and survey operations.

Based in Rotterdam, our professionals are expert to provide personnel on a global level.

The excellent reputation of Stephenson Operations in the Oil & Gas and Renewable industry ensures the finest results for our Clients and Candidates.

With a personal approach , we provide our clients with industry knowledge, expertise, and insights in the process. We match the talent, skills, and ambition of our specialists to companies in our industries: employers find the professionals they need, meanwhile valuable specialists are given the opportunities they are looking for.

Our services range from candidates search and selection, logistics, 24/7 assistance, to Payroll & Finance.
